Dear Mr Wimbush

Fingerboards Mineral Sands Project

We continue to act for Kalbar Operations Pty Ltd (**Kalbar**).

We enclose with this letter:

1. Kalbar's revised Incorporated Document (IAC version 2) dated 25 June 2021, which has in part been informed by Kalbar's consideration of matters raised without prejudice discussions with East Gippsland Shire Council, EPA, Department of Transport, and DELWP. A 'tracked changes' version and a 'clean' version have been provided for convenience.
2. TN 034 - Response by Katestone to questions asked by the IAC and East Gippsland Shire Council
3. TN 035 - Response to the IAC's questions about the Incorporated Document
4. TN 036 - Response to rehabilitation issues raised by Ms Waller (Submitter 743) and East Gippsland Shire Council (Submitter 716)
5. TN 037 – Further climate change modelling
6. TN 038 - Response to questions 1, 2, 5 and 10 questions in the IAC third RFI dated 26 May 2021
7. TN 039 - Project overview
8. Kalbar – Coffey Response to additional questions from Mr Helps (Submitter 639)

In addition, Kalbar seeks leave to file additional information that relates to its proposal to engage an Independent Technical Reviewer (**ITR**) to advise on specific technical aspects of the Project through design, construction and operational phases. As the IAC would be aware, there is precedent for appointment of an ITR for other large projects, including the Stockman Base Metals Project.

Kalbar is preparing draft terms of reference for its proposed ITR framework and will be in a position to share them with the IAC and other parties by close of business on Monday 28 June 2021. We would be grateful if you could let us know if this timing is acceptable.

Yours sincerely,
