

# Submission Cover Sheet

Fingerboards Mineral Sands Project Inquiry and Advisory  
Committee - EES

# 330

---

**Request to be heard?:** No

**Full Name:** Debbie and Mike Brims

**Organisation:**

**Affected property:**

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** Please stop the mine, save our Lakes and wildlife. It is a well known fact that when mines go in there will be damage, they do not clean up after themselves. They cause damage they say I'm sorry afterwards but the damage is already done, please save our Lakes.
