Fingerboards Mineral Sands Project Inquiry and Advisory
Committee - EES

403

Request to be heard?: No

Full Name: Luke Baker

Organisation:

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: I object to the proposed mine due to the devastating impact to the environment, both flora and fauna, and to the local farmers in the area. The so called ESS is full of holes and mis-information in favour of the proposal. The mine stands to benefit nobody who will be directly affected.
