Committee - EES

411

Request to be heard?: No - but please email me a copy of the
Timetable and any Directions

Full Name: Jessie Dean

Organisation:

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: To Whom it May Concern, I am a voting Resident of Newlands Arm which sits on the Gippsland Lakes. I do NOT wish this mine to go ahead and feel that it is of direct risk to the WORLD'S longest, naturally formed silt jetties, our health & wellbeing and far too great a risk to our already established Tourist Industry AND our farming industry! It is not worth the handfull of jobs that will be outsourced to non-locals to endanger that many established local jobs! Thank you for your consideration
