Fingerboards Mineral Sands Project Inquiry and Advisory  
Committee - EES

# 623

---

**Request to be heard?:** No

**Full Name:** Vincent Brouillet

**Organisation:**

**Affected property:** 9 Birchwood Court

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** I'm opposed to this project due to risk of environmental impact, impact on the agriculture and tourism. The Mitchell River is one of the last remaining natural river that is not affected by pollution or hydro scheme. I do not believe the jobs creation prospect justifies the potential damages. East Gippsland should instead focus on eco tourism to create jobs.
