Committee - EES

701

Request to be heard?: No

Full Name: William viana Bolitho

Organisation:

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: Kalbar mine will cause a negative effect on the Gippsland community as well as other areas around, with the high demand of water required to run the it will have a negative solution towards the farmers who already struggled with bushfires and COVID 19 as a young man I fear for the future of Gippsland and I do not support the mine
