Fingerboards Mineral Sands Project Inquiry and Advisory
Committee - EES

794

Request to be heard?: No

Full Name: Rosie Smith

Organisation:

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: I am greatly opposed to this mine. The social implications of bringing miners into our community. Huge environmental impact. Damage to local native species who after bushfire have struggled so much. Water quality in gippsland lakes. Air quality for my [REDACTED] family and greater community. Please no mine!
