13.4 Adjacent residences

(i) **Reference**

Appendix A018 at 5.3.1. The Socioeconomic Impact Assessment states that forty-nine private dwellings (R1 - R49) are located within the Project Area and 2 km from the edge of the Project Area (Figure 5.1).

(ii) **Request**

120. The Proponent should provide the names of the owners/occupiers of these dwellings and the submission number of any relevant submissions made by these persons.⁴

⁴ This information should be provided to the IAC only in the first instance.

Question 120

As discussed in TN 04, there are 64 residences within 2km of the Project (including the Project Area (mine and processing), proposed haul road, Fernbank East rail siding and Mitchell River Pump Station). Of those residences, 37 are within 2km of the Project Area and 27 are within 2km of only the haul road, rail siding and pump station. The information requested by IAC in relation to residences within 2km of the Project boundary is provided in Tables 2 and 3 below.

Table 2 - Residences within 2km of the Project Area

Residence	Address	Last Name	First Name	Submission No.
