## Dear Amy

It has come to our attention that EPA did not formally provide a copy of the s67A Agreement to the IAC back in February.

As stated in document #142, the proponent proposed to extend the time limit for the EPA's determination of Kalbar's works approval application until the end of 2021. EPA indicated at the Directions hearing on 15 February 2021 that we would provide a copy of the s 67A Agreement to the IAC.

Please now find attached the formal s 67A Agreement dated 15 February 2021.

Kind regards Hannah
