East Gippsland

An aerial photograph of a rural landscape in East Gippsland, Australia. The foreground shows a winding road and green fields. In the middle ground, there are more fields and a small cluster of buildings. The background shows a distant town or city under a cloudy sky. The text "East Gippsland" is overlaid on the top left of the image.

Impacts on livestock production including dairying and animals for human consumption

Proponents land

This marginal land is currently growing oats and has 78 head grazing on 45 Acres (1.84 animals p/ha)

Fingerboards

Fingerboards homestead included in project area to be mined to an average of 45m deep

Warning - Riverine Flood

Issued Today at 11:40 AM

This **Moderate Flood Warning** is being issued for Mitchell downstream of Glenaladale

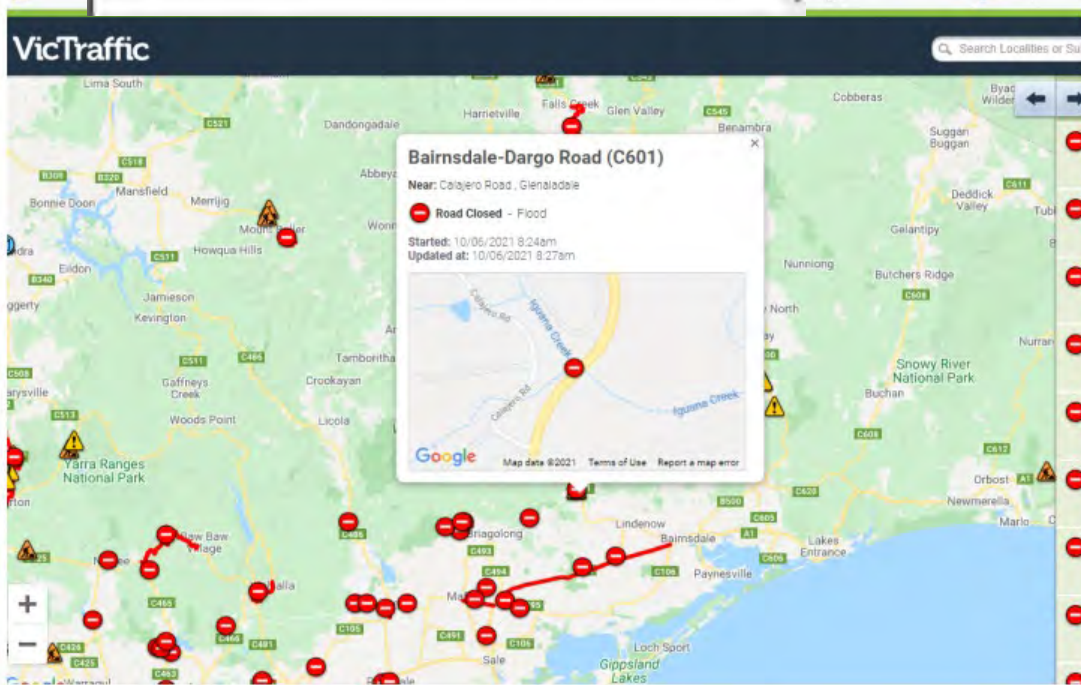

- Minor to moderate flooding is expected to develop in the Mitchell catchment from late Thursday morning. Rapid river rises are expected to continue along the Mitchell River during Thursday.
- In the 24 hours to 9 am Thursday, rainfall totals of 20-190 mm have been recorded across the Mitchell River catchment. Rainfall totals of 5-10 mm are forecast for the rest of Thursday.

Mitchell River downstream of Glenaladale:

- Moderate flooding may occur along the Mitchell River downstream of Glenaladale.
- The Mitchell River at Bairnsdale is currently at 1.45 metres and steady. The Mitchell River at Bairnsdale is expected to exceed the minor flood level (4.00 m) Thursday evening. The river level may reach the moderate flood level (5.50 m) during Friday.

Act now - take actions immediately to protect your life and property.

- **Avoid travel if possible. Please be careful if you need to drive as there may be water over roads, debris, landslides and trees down.**

National Vendor Declaration (Cattle) and Waybill

Edition: July 2020

The signatory to an LPA National Vendor Declaration (NVD) acknowledges that the use of the LPA NVD is subject to the LPA Program rules and standards and confirms that the use of the LPA NVD and the livestock described there-in meet all requirements of those rules and standards.

The rules and standards are contained in the LPA Program Manual. The information in the Manual, as updated from time to time, can be viewed at www.integritysystems.com.au

Parts A and B of this travel document meet the legal requirements for a waybill under Queensland Stock Act 1915, Section 22; and WA Biosecurity and Agriculture Management (Identification and Movement of Stock and Apiaries) Regulations 2013; Part 8; transported stock statement as approved under NSW Local Land Services Act 2013 Section 127; and permit to travel stock under ACT Stock Act 1991, Section 33

Integrity Systems

red.meat.customer.assurance

ALL PARTS OF THE LPA NVD WAYBILL MUST BE COMPLETED
If you make a mistake keep the copy and use a new LPA NVD form.
The top sheet (white) goes with the livestock to the purchaser.
The middle sheet (green) goes with the carrier.
