Comments: 29 October 2020 Dear Inquiry and Advisory Committee members, I am writing in response to the EES conducted by Kalbar for the Fingerboards Mineral Sands Mine Project. I have lived near the area and holiday in the area annually which is why it is special to me. These are the reasons below I do not believe the Fingerboards Mineral Sands Mine Project should go ahead at Glenaladale, East Gippsland:

- the unknown impact that it could have on Indigenous sites
- the negative impact it could have on the tourism industry in the area which was already recasted by the bushfires
- the impact it could have on the environment

Thank you for the opportunity to make this submission. Yours sincerely, Rein Edwards
