

# Submission Cover Sheet

Fingerboards Mineral Sands Project Inquiry and Advisory  
Committee - EES

# 543

---

**Request to be heard?:** No - but please email me a copy of the  
Timetable and any Directions

**Full Name:** Emily Hammond

**Organisation:**

**Affected property:**

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** The effects of a mine in the Glenaladale region will be wide spread and devastating. This project should not be approved. The livelihoods of many in the region will be destroyed. Damage to the farming community and crops will be irreversible. Tourism in the area will be minimised. The East Gippsland area has already suffered so much over the last 12 months with bushfires and COVID, we do not need any more hardship inflicted upon us.
