

Submission Cover Sheet

Fingerboards Mineral Sands Project Inquiry and Advisory
Committee - EES

581

Request to be heard?: No

Full Name: Katharine Ella Bentick

Organisation: No, on behalf of our family though.

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: We the Bentick family wish to submit against the proposed mine. Based on the report we have read we are concerned about water being used near the proposed site, particularly the Mitchell river water. We are concerned about the impact the mine will have to the air and land, for residence and agricultural purposes. We do not condone the mining of lands near or on first nation sites of significance.
