Fingerboards Mineral Sands Project Inquiry and Advisory  
Committee - EES

# 591

---

**Request to be heard?:** No - but please email me a copy of the  
Timetable and any Directions

**Full Name:** Leigh

**Organisation:**

**Affected property:**

**Attachment 1:**

**Attachment 2:**

**Attachment 3:**

**Comments:** As a environmentalist and outdoor educator that uses the mitchell rive for educational programs I believe the proposed project would interrupt and negatively effect these programs. The environmental effectsbof interumting the catchment would alter the rivers health and appearance which would again negatively effect outdoor education programs.
