Fingerboards Mineral Sands Project Inquiry and Advisory
Committee - EES

592

Request to be heard?: No

Full Name: Anthony Nightingale

Organisation:

Affected property:

Attachment 1:

Attachment 2:

Attachment 3:

Comments: This project is another example of profits over consideration for the pristine environment of East Gippsland. I believe the project should not be allowed to proceed based mainly on the requirement for drawing on natural water resources and the likelihood of pollution of the Gippsland Lakes.
