Dear Inquiry and Advisory Committee members.

I am writing this submission about the C.E.S. for the fingerboards Sands mine project. I strongly oppose the mine. I would like to ask how you can make any decision on this proposed mine without visiting the site? If you did you would understand that this area is not suitable for any type of mining.

It is also unacceptable to allow compulsory acquisition of private land to be used by the mine for ~~infrastructure~~ infrastructure that is located outside the mining project boundary for water pipelines, bore pumps, bore fields, roadworks, new powerlines, easements, railsiding and vegetation removal. Why wasn't this part of the mine project area. Why isn't this a matter for the C.G. Shire council to determine.

I would like to thank you for the opportunity to make a submission

M. J. Reid
